See our

Mackinette Rain Coats.

FEARNSIDE CLOTHING CO.,

PALATKA, FLA.

Autumn Leaves

like summer flowers, soon fade, but the joy and delight experienced from wearing a pair of Curry & Lane's Shoes, lives in the memory long after the shoes are worn out. Fortunately, now ones can always be had, and just now we have placed some new Fall Styles on sale that are sure to win the most skeptical feminine heart.

We have a special fine line of Children's SCHOOL SHOES, and with each pair we give a handsome Six Page Noiseless Slate FREE. Come early before supply is exhausted.

Curry & Lane,

(Vatterlin's old stand.)

A. E. WILSON, PRESIDENT. GEO. E. WELCH, VICE PRESIDENT. T. B. MERRILL, CASHIER.

The Putnam National Bank of Palatka

We hold the accounts of the people throughout Putnam County, and tender all the courtesies and accommodations consistent with good banking.

DR. MERRITT CORTHELL, OCUCLIST.

GOINGS ON IN FLORIDA

Gainesville had a successful gala day celebration on Wednesday.

The Carnegie public library at Jacksonville is nearly completed.

The strawberry acreage at Hampton will be greatly increased this year.

Lake City will give a big barbecue tomorrow and a crowd of 3,000 is expected.

Dr. E. E. Rollins has been nominated for mayor of Titusville by acclamation.

Editor Fitzgerald of the Daytona Gazette-News is taking a course in the law department of Stetson university.

One hundred and five prisoners were boarding at the Duval county jail on Monday. What an elegant "take off" for the sheriff.

W. R. Spencer of Arcadia, Fla., was among the killed in the Southern Railway collision at New Market, Tenn., last Saturday.

J. D. Burritt, of Brooksville, is dead. He was an old citizen, a member of the city council and a deacon of the Campbellite church.

Frank C. Boyleson, commercial agent of the Atlantic Coast Line at Jacksonville has been elevated to the office of district passenger agent.

The corner stone of the new Spanish Sanitarium at Tampa was laid on Monday. The Sanitarium will cost \$100,000, and will be for the use of Spanish residents.

Bishop Kenny has returned from his visit to Rome. He celebrated mass in Jacksonville last Sunday and on Monday evening was given a reception by the Knights of Columbus.

Vincent Tabitski was severely wounded in the right shoulder at Hampton on Monday by the accidental discharge of a shot gun when he was carrying through thick underbrush.

A. J. McArthur founder of the Gainesville fire department and its chief, has resigned and will move with his family to Savannah. The Gainesville board of trade has adopted resolutions of regret.

Richard A. Lamb of High Springs lost his life on Sunday by the accidental discharge of his pocket pistol, which dropped from his pocket and discharged while Lamb was engaged in a friendly wrestling bout with Lawrence Philpot.

A lot of genuine Texas cow boys and wild Texas steers have been engaged for the Jacksonville carnival. The carnival is going to be the biggest show ever given in the state and the people of Florida are going to enjoy Jacksonville during the week of the show.

The preliminary trial of the Baker county murderers has been in session at Macehony all the week. Hon. B. P. Calhoun of Palatka is in charge of the prosecution, assisted by Hon. Frank Clark, and Judge O. H. Parker of Jacksonville. Attorney General Ellis is also present and assisting.

Wm. J. Frierson, meat dealer of Tampa, who persists in selling meat and other goods on Sunday, and who has been arrested six times for the offense, has been found "not guilty" by a jury in the Tampa criminal court. The case is regarded as a setback to the efforts to enforce the Sunday law in that city.

The Bradford County commissioners have been served with an alternative writ of mandamus to compel them to rescind their action granting license to sell liquors. The writ was issued on affidavit of several citizens who claim the county voted in 1887, and that there is no official record to show that the people have ever voted a change.

Hon. John W. Trammell, one of the best esteemed and most widely known citizens of Florida is dead at his home in Lakeland, of cancer. Mr. Trammell was many years superintendent of the state prison at Chattahoochee, an institution which he raised to a high state of efficiency. Two of his sons are members of the state legislature.

Rev. J. B. Holley has been called to the pastorate of the Second Baptist church, Jacksonville. The news trusts the reverend gentleman will be a blessing to the church.

The First Baptist church is Rev. W. A. Hobson and that when well along in his pastorate he will be able to exclaim in the language of scripture, "Behold how good and how pleasant it is for brethren to dwell together in unity."

Last week was an anxious time for county's ready to be married at Palatka. The county judge was dead, and Henry Bellinger, the new appointee, had not received his commission, therefore could not issue licenses. It is thought that all has been remedied now and that the course of true love is running smoothly again right up to point where matrimony ends and the matter of their existence begins.

The Southeastern Stock Breeders' association has composed the list of eight well-known citizens of Osceola and Brevard counties, charged with cutting fences and mutilating hails of large stock breeders who have established and fenced in great ranches in those counties. The men arrested are small stock men whose cattle have heretofore had the run of the woods and who resent the cutting of the big stock breeding farms and the consequent cutting off of their free ranges.

When the Atlantic Coast Line train from Jacksonville pulled up at the Maitland station last Monday night, Miss Queenie Hill, an accomplished and pretty young lady, alighted and accosted Maxwell Saunders. The two stepped to one side and away from the crowd, when Miss Hill drew a revolver and fired two shots into Saunders. The girl immediately surrendered to a deputy sheriff. She was not locked up but was held under guard awaiting the result of Saunders' injuries. She will be held. Saunders is not severely injured. Miss Hill stated that she came from Jacksonville for the purpose of killing Saunders and that she had no excuses to make. She is attractive, mild mannered, and the last one who would be expected to commit murder. What private grief she had, we know not. She has not said. It can only be conjectured.

WORLD NEWS.

Russia will send another army of 300,000 to the front. It will need it.

The pope is feeling bad because a convention of free thinkers, held a convention in Rome.

Thomas F. Waggaman, former treasurer of the Catholic university, Washington, has been adjudged a bankrupt.

Admiral Dewey celebrated the 50th anniversary of his entrance into the United States naval service on the 25th inst. The president sent him a letter of congratulation. The admiral is 67 years old.

As fast as the men at Huntsville, Ala., charged with participating in the recent lynching, are tried, they are found "not guilty" by the jury. But, then, they are getting out of a bad mess in a perfectly legal way.

It is said that the plot which culminated in the assassination of Minister Von Helldorf, in Russia, was hatched by certain Russian Jews in Switzerland, and that Russia cannot get at the leaders on account of Swiss laws.

The Knoxville presbytery of the Cumberland Presbyterian church has voted against the union of that church with the Presbyterian church. The attitude of the latter body on the negro question is responsible for the vote.

The eruption of Mt. Vesuvius is more violent than at any time since 1872. Red hot stones are hurled to the height of 1600 feet, and lava has melted the metal of the Funicular railway, destroyed the upper station and burned the houses in which the guides live.

It is stated that the Japs have captured the water supply of Port Arthur. If this be true, it will have less effect upon the Russians than almost any other people. They will simply be more assiduous in their devotion to vodka, their national booze.

The Alabama Court of Inquiry has recommended to the governor that Company "E," Alabama National Guards be mustered out of the service for inefficiency. This is the company which turned tail and hunted cover before the Huntsville-lynching mob.

President Roosevelt has promised to ask the nations of the earth to gather at The Hague for another peace congress. These little affairs may have value in an educational way, but they do not make much for peace when nations gather a white heat under the collar.

The Doukhobor colony of religious enthusiasts of the Northwest Territory in Canada have abandoned their search for Jesus and are on a trek for a warmer climate in the United States. What a blessing it would be if they could be induced to camp with the Dowie cranks at Zion City.

His lordship, the Archbishop of Canterbury talked on church unity at Washington last Sunday evening in his gorgeous official robes, and on Monday he visited the tomb of Geo. Washington in ordinary store clothes. He was accompanied by Gen. Crozier and J. Pierp. Morgan, representatives of American nobility.

A train on a branch of the New York Central bearing the Archbishop of Canterbury and J. Pierp. Morgan collided with a switch engine last Saturday. Several of the train hands were injured and both engines were demolished and derailed. His lordship was shaken up, though his ear did not leave the track. After the train had come to its sudden stop, his lordship, turning to Pierp. Morgan, said: "Ah, didn't that jar you, Mr. Morgan?"

Rugh Gurney, third secretary of the British embassy, has been fined \$25 for contempt in the police court at Pittsfield, Mass. He refused positively to plead, holding that as he was the third secretary to his Britannic majesty, he could not, under international law, be arrested or held for any crime, don'tcherknow?

Then the judge gave him \$25 for contempt and another \$25 for speeding his automobile on Sunday. The judge said he did not recognize international law or his royal British nobles in his court.

The family of Judge James H. Mulligan, of Lexington, Ky., has been saved from death by a negro servant breaking down just as a meal was being served, and asking one of the members of the family to examine the salad and find out if it contained enough strychnine to kill fifty people. The negro, who had been with the family three years, is an ex-convict. He has made a full confession of his attempt to poison the family.

Sixty-two are dead and 162 are severely injured as the result of a head on collision at New Market, Tenn., last Saturday. Two passenger trains came together on the Southern Railway near New Market, Tenn. Both trains were heavily laden with passengers and 49 were killed instantly, the others have died since they were moved from the wreckage. The disaster was due it is believed to misreading or inattention to orders instructing the trains to meet at New Market, a station which for a long time has been their regular meeting point. The west bound train rushed passed New Market and rounding a curve crashed into the east bound train which was going at full speed in the opposite direction.

Long Way For a Husband.

The Southland Times of Invercargill, New Zealand, of Saturday July 9th, contains the following marriage notice of interest to many Putnam county people, who will remember the bride as the adopted daughter of the late John Gresham of Welaka:

SUTTON-WALLACE-On the 14th June, 1904, at "Aonah" the residence of Mr. P. S. Brodie, Invercargill, by the Rev. R. Ferguson, Ernest Walter, fourth son of the late Thomas Sutton of "Fairview," Thornbury, to Matilda Lennox, only daughter of the late Arthur B. Wallace of Ryal Bush, N. Z., and Welaka, Florida, U. S. A.

Notice.

Notice is hereby given that I intend to apply to Hon. James T. W. W. Judge of the Circuit Court of the Eighth Judicial Circuit of Florida, to issue a writ of habeas corpus, to take charge of and control my property, and to become a free dealer in every way.

MARY HICKMAN DEVEREUX.

This Sept 27th, 1904.

421 and 423 Lemon St., Palatka, Fla.

PALATKA TO OCALA.

New Air Line Railroad Will Probably Connect the Gem and Brick Cities.

The Ocala Star of Saturday last contains the following regarding the prospects for an air line railroad between Palatka and Ocala:

"A proposed new railroad and one that is so feasible and practicable that it is looming large in the eyes of competitive roads, is an air line road from Silver Springs to Palatka, connecting, of course, with Ocala at this end. Eight miles of this road have already been built by the Ocklawaha Lumber Company, and is used by them for a logging road. It is standard gauge, and constructed in the very best manner. Two more miles are now being built, and will be finished by the 1st of January, thus giving a fourth of the mileage from Ocala to Palatka, as on an air line the distance is a scant forty miles, as against seventy, or a little more, via the A. C. L. When the new road is built, and the next two years will see it an accomplished fact, it will follow to a certainty the general course of the Ocklawaha, maintaining the direct line to Palatka as near as practicable. There is an immense body of timber along the route to be traversed by the road, both pine and cypress, and one of the finest tracts in the state, and the transportation of this timber to market, as by the railroad construction say, will far more than pay for the building of the road.

"The Star man interviewed Mr. R. P. Lester, the old partner and manager of the Ocklawaha Lumber Company, on the subject, and Mr. Lester admitted that the above facts were correct, but tried to persuade the Star man that he had nothing to do with the new Palatka and Ocala Air Line, and to let it alone, but it is too good a thing to deny the public, and as that is what we want, for we give our reader the benefit of it.

"The Ocklawaha Lumber Co. owns a very large tract of heavily timbered land on and near the Ocklawaha river, and has one of the best equipped mills in central Florida."

Rev. Wm. Stones Resigns.

Rev. Wm. Stones, for the past seven years pastor of the Baptist church in Palatka, has tendered his resignation. At a meeting of the congregation next Sunday night this will be acted upon, and, as was stated by a prominent member of the church, "will probably be accepted, not that we desire a change, but for the reason that Mr. Stones has been determined to go."

Rev. Wm. Stones is the oldest pastor, in point of service, in Palatka. The relations between pastor and people have always been, and still are, harmonious, and the members, not alone of the Baptist church, but of all the other Christian churches in the city will regret his determination to sever his present pastoral relations.

Mr. Stones has not made known his call to any other field, but it is generally believed that his services are in demand from another and larger congregation.

Baker County Murderers Held to Circuit Court.

The preliminary hearing of the Baker county thugs was concluded at Macehony on Wednesday when seventeen of the twenty-one prisoners from Baxter, Fla., charged with the murder of Deputy Sheriff R. T. Thrift, who was killed by a mob, were placed under bond for the sum of \$1,000 each for appearance before the Circuit Court, which meets in Macehony on the third Monday in November.

Three of the twelve men who were given a preliminary hearing on the charge of committing an assault with intent to murder upon W. N. Duncan, at Baxter, Fla., on September 12, were placed under an additional bond of \$750 for appearance for trial at the same time and place.

Nine of the twelve who have been having a preliminary hearing on the charge of assaulting with intent to murder W. N. Duncan were placed under an additional bond of \$500 each for appearance at the same time and place.

All of the prisoners have given the bonds required. The bonds were approved by Judge Judge R. T. Thrift and the men have been released from custody.

Hilary Altman, Charles Altman and Ivy Harney each secured bondsmen, but the bonds did not secure their liberty. Sheriff Herndon immediately took them in custody on a charge of murdering Jackson Duncan and Jim Riley on the excursion train from St. Augustine to Baxter, on the 11th inst, and for assault with intent to murder Marshal Duncan at same time and place.

The men are being held by orders of the Governor of Florida, upon the requisition of the Governor of Georgia, as the crimes were committed in Georgia, according to the allegation of the Sheriff of Charlton county, Georgia.

Riley Rhoden, Caney Rhoden, Willie Dowling and Calvin Johns the four defendants discharged without a hearing, and who have been in jail at Macehony since Sept. 17th, have each brought suit in the sum of \$10,000 damages for alleged false arrest and imprisonment. The suits are against Wm. M. Duncan, upon whose affidavit the arrests were made.

States Attorney Calhoun, assisted by Attorney-General Ellis of Tallahassee were vigorous in their prosecution of the accused men. They gave two localities of Baker county to understand that the supremacy of the law must be maintained and that if the civil authorities could not do this, the military power of the state would be invoked and, if necessary, every man who upheld lawlessness would be shot like a dog. No one was allowed to enter the court house as spectator without being searched and relieved of his gun, and the idle rabble attracted to the trial were not even permitted to enter the court house enclosure.
